IMPORTANT INFORMATION

BOOK WITH FULL ASSURANCE Of course, you want to book your holiday with a reputable company and rest in the knowledge that your money is fully protected. You may book your holiday with Tropical Holidays Direct with full confidence and complete assurance. We are a fully bonded tour operator with a licence granted by the Civil Aviation Authority (ATOL Protected 5744). We are also members of The Association of British Travel Agents (ABTA J5618/W5490) and IATA (91275914). Therefore, should the worst-case scenario arise, you can rest assured that your holiday, or the money paid for it, is fully protected.

PRICING POLICY Airlines and hotels regularly change their prices and in most cases it is to the benefit of the consumer. In order to take full advantage of any such price reductions, and pass them on to you, your final holiday price will be confirmed to you at the time of booking, which will incorporate any increases or reductions known to us at that time. This could also mean that we offer you an airline other than the one featured. Therefore, please note that all prices shown in the brochure are to be used purely as a guide only.

PEAK SEASON TRAVEL Over peak holiday periods - especially Christmas, New Year and Easter - most airlines and hotels charge a supplement. Some hotels also stipulate that an obligatory minimum number of nights must be spent at the hotel and also that certain meals and Christmas and New Year Eve's supplements are compulsory. These details will be confirmed to you at the time of booking. Due to popular demand over these periods it is advisable to book early to avoid disappointment.

SPECIAL OFFERS At various times throughout the year many hotels provide a range of special offers. These may include early-booking discounts, free nights (at some hotels certain meals must be paid for during the free nights), free meals (drinks not included), honeymoon reductions (wedding certificate must be presented at hotel) and no single room supplements. These offers must start and end within the stipulated dates and cannot be combined with each other.

TAILOR-MADE HOLIDAYS No brochure can offer a choice of holidays that will cater for everyone's personal requirements. Being specialists for holidays to the Indian Ocean islands of Maldives, Sri Lanka, Seychelles and Mauritius, plus Dubai, we have built a successful relationship with a vast number of hotels in these destinations. Therefore, we are well-equipped to create your very own individual holiday at a competitive price. If you do not see a holiday in the brochure that suits you please call our personal travel consultants and they will do their best to plan and organise your individual holiday for you.

For those of you who dream of true 'Robinson Crusoe' escapism, the Maldives will meet all your expectations. These magical islands are ideal for those who want to have a leisurely tranquil holiday with total relaxation and enjoyment in mind.

SRI LANKA

Often referred to as 'The Original Paradise' Sri Lanka is a diverse land with an amazing blend of golden beaches, historic temples and sites, rivers, lakes, waterfalls and wildlife. Spectacular steep winding roads lead to dreamlike misty hill stations providing splendid views of spectacular flourishing tea plantations in Sri Lanka. Our tours of Sri Lanka will stay in your memories forever.

Sri Lanka is a country full of history and culture with ancient cities such as Polonnaruwa and Anuradhapura, Mihintale, the mountain monastery where Buddhism was first introduced to the island in 247 BC, and, of course, Kandy, home of the Temple of the Tooth. A climb up Sri Lanka's imposing rock-fortress, Sigiriya, will reward you with breathtaking views of the surrounding area. Sri Lanka is a great value for money holiday and is an intriguing country to visit. Wedding and honeymoon holidays in Sri Lanka are also very fashionable.

Please Note: Sri Lanka's west coast is affected by high tides and coastal erosion during the monsoon season (May-Sep) when beaches can all but disappear! Sea bathing in general is inadvisable due to rough seas and strong undercurrents. Always seek the advice of the hotel/local representative.

BOOKING CONDITIONS

It is extremely important that you read pages 3 and 115-119, and the relevant destination information. All this forms the basis of your contract with us. A contract will exist between us as soon as we confirm your holiday to you.

YOUR FINANCIAL SECURITY Many of the flights and flight-inclusive holidays in this brochure are financially protected by the ATOL scheme. Our ATOL number is ATOL 5744. But ATOL protection does not apply to all holiday and travel services listed in this brochure. Please ask us to confirm what protection may apply to your booking. If you do not receive an ATOL Certificate then the booking will not be ATOL protected. If you do receive an ATOL Certificate but all the parts of your trip are not listed on it, those parts will not be ATOL protected. Please see our booking conditions for information or, for more information about financial protection and the ATOL Certificate go to: www.atol.org.uk/ATOLCertificate. In the worst-case scenario, the CAA will ensure that you are not stranded abroad for your ATOL protected booking and will arrange to refund any money you have paid to us for an advance booking. We are also ABTA and our ABTA membership numbers are J5618/W5490.

PAYMENT FOR YOUR HOLIDAY A completed booking form and £150 per person or 10% of the total holiday cost, whichever is the greater, is required at the time of booking. Certain holidays require a higher deposit, or full payment, which will be advised at the time of booking. If you are booking within 10 weeks of departure, full payment is required. The balance due as shown on your invoice must be paid to us no later than 10 weeks before your departure. If you fail to pay the balance by the due date we reserve the right to treat the booking as cancelled and levy appropriate cancellation charges as detailed below. All cheques are to be made payable to Tropical Holidays Direct and posted to the address shown below.

INSURANCE It is a condition of booking with us that you purchase adequate independent insurance.

TRAVEL DOCUMENTS All travel documents, including flight tickets, will be electronically transmitted/ dispatched 14 days prior to departure.

CONDITIONS OF CARRIAGE Your booking is subject to conditions of carriage of air, rail or sea carriers some of which may limit or exclude liability. These conditions are often the subject of international agreement between countries.

PRICING POLICY All prices shown are in UK£ Sterling per person sharing a twin/double room and are purely for guidance only. Your final holiday price will be confirmed to you at the time of booking, which will incorporate any increases or reductions known to us at that time. However, your holiday price, thereafter, is subject to surcharges for increases in: i) transportation costs e.g. fuel, scheduled airfares and any other airline surcharges which Tropical Holidays Direct is obliged to pay or

collect, ii) dues, taxes or fees chargeable for services (e.g. landing taxes and embarkation/disembarkation fees at ports and airports), iii) the exchange rates applied to the particular package and Government action such as increases in VAT or any other Government imposed increases. No price changes will be made within 30 days of departure. In the case of any small variation we will absorb an amount equivalent to 2% of the confirmed holiday price, excluding any amendment charges. You will be charged for the amount over and above that, plus an administration charge of £1.00 per person. If you have to pay an increase of more than 10% of the price of your travel arrangements you may cancel your holiday and receive a full refund except for any amendment charges. Should you decide to cancel for this reason, you must exercise your right to do so within 14 days from the issue date printed on your final invoice. Whether you cancel or not you will also be entitled, in the terms set out below in respect of 'major changes to your holiday', to accept an offer of alternative travel arrangements from us subject to availability and compensation if appropriate. It should be pointed out that travel arrangements are not always purchased in local currency and some apparent changes have no impact on the price of your holiday due to contractual and other protection in place. Please note all prices shown in the brochure are calculated on exchange rates against UK Sterling as featured in the Financial Times on 19 April 2018: US Dollar 1.418; Euro 1.147. All contracts are in either UK Sterling, US Dollar or Euro.

MINOR CHANGES TO YOUR HOLIDAY If we are obliged to make any minor change in the arrangements to your holiday we will inform you as soon as possible.

MAJOR CHANGES TO YOUR HOLIDAY If before you depart we have to make any major change to your holiday arrangements, e.g. change of departure time of more than 12 hours in each direction, change of airport (but excluding changes between airports in the London region, aircraft type or airline) it will only be because we are forced to do so by circumstances usually beyond our control. In such an unlikely event we will inform you immediately and our objective will be to minimise your inconvenience. We will, wherever possible, offer you alternative arrangements as close as possible to your original choice. You will then have a choice of accepting, taking another available holiday of similar price or cancelling. Should you choose to cancel you will be reimbursed all monies paid to us. All above conditions exclude Force Majeure (see Force Majeure note).

CHANGING YOUR ARRANGEMENTS If you wish to alter your booking in any way once we have confirmed it, we shall do what we can to satisfy your requirements.

An amendment fee of £50 per person will be charged plus any appropriate additional airline/holiday costs (some airlines do not allow any name or date changes). Any alterations by you within 70 days of departure may be treated as a cancellation of the original booking and may be subject to cancellation charges as shown in the table below.

CANCELLATION Should you or any member of your party wish to cancel your booking at any time please notify us immediately. If we have already issued a Confirmation Invoice it is essential that you indicate your intention to cancel in writing to ourselves by the person who made the booking and who is therefore responsible for the payment of the cancellation charges. We will not affect the cancellation until such written advice is received. As we will incur costs in cancelling your holiday you will have to pay the applicable cancellation charges up to the maximum shown in the table below. These are calculated as a percentage of the total holiday cost and the charges are calculated from the date we receive the written notice of cancellation.

No of Days Notification Before Departure:	Amount of cancellation charge (shown as a percentage of total holiday cost):
More than 70 days	Deposit
36-69 days	50%
22-35 days	80%
15-21 days	90%
1-14 days	100%

Please note in some circumstances 100% cancellation will apply from the time of booking. We will provide details of this after we receive your cancellation instruction. Where the full cost of the airfare is required at the time of booking, no refund will be applicable from the time of booking. Airfares affected by this 100% cancellation policy will be collected at the time of booking or soon after as soon as airline notification is issued. In such circumstances the above cancellation charges will not apply; instead the entire booking will be subject to 100% cancellation charges.

FORCE MAJEURE We accept no responsibility for and shall not be liable in respect of any loss or damage or alteration, delays or changes arising from unusual and unforeseeable circumstances beyond our control, such as war or threat of war, riot, civil strife, industrial dispute including air traffic control disputes, terrorist activity, natural and nuclear disasters, fire, adverse weather conditions, technical problems with transport, closure or congestion of airports or ports, cancellations of schedules by scheduled airlines. You can check the current position on any country by visiting the Foreign and Commonwealth Office's Travel Advice Unit www.gov.uk/foreign-travel-advice.

COMPENSATION FOR CANCELLATION OR MATERIAL ALTERATION BY US In the event of cancellation or material alteration to your holiday, Tropical Holidays Direct will pay compensation as follows (except where Tropical Holidays Direct has to cancel or make a material change to your holiday as a result of any of the reasons referred to under PAYMENT FOR YOUR HOLIDAY or FORCE MAJEURE).

Period when notice of cancellation or alteration is given pre-departure:	Compensation per full fare paying passenger (excl. infants):
More than 70 days	Nil
36-69 days	£10
22-35 days	£20
15-21 days	£25
14 days or less	£30

For children invoiced at a reduced price, compensation will be paid on a pro-rata basis of the adult price. No other claims for compensation or expenses will be considered.

OUR LIABILITY TO YOU If the contract we have with you is not performed or is improperly performed by us or our suppliers we will pay you appropriate compensation if this has affected the enjoyment of your travel arrangements. However, we will not be liable where any failure in the performance of the contract is due to: you, or a third party unconnected with the provision of the travel arrangements and where the failure is unforeseeable or unavoidable, or unusual and unforeseeable circumstances beyond our control, the consequences of which could not have been avoided even if all due care had been exercised, or an event which we or our suppliers, even with all due care, could not foresee or forestall. Our liability, except in cases involving death, injury or illness, shall be limited to a maximum of two times the cost of your travel arrangements. Our liability will also be limited in accordance with and/or in an identical manner to: (a) The contractual terms of the companies that provide the transportation for your travel arrangements. These terms are incorporated into this contract, and (b) Any relevant international convention; for example: the Montreal Convention in respect of travel by air, the Athens Convention in respect of travel by sea, the Berne Convention in respect of travel by rail and the Paris Convention in respect of the provision of accommodation, which limit the amount of compensation that you can claim for death, injury, delay to passengers and loss, damage and delay to luggage. We are to be regarded as having all benefit of any limitation of compensation contained in these or any conventions. You can ask for copies of the transport companies' contractual terms, or the international conventions. Under EU law (Regulation 261/2004) you have rights in some circumstances to refunds and/or compensation from your airline in cases of denied boarding, cancellation or delay to flights. Full details of these rights will be publicised at EU airports and will also be available from airlines. However, reimbursement in such cases will not automatically entitle you to a refund of your holiday cost from us. Your right to a refund and/or compensation from us is set out in these conditions. If any payments to you are due from us, any payment from the airline will be deducted from this amount.

PERSONAL INJURY UNCONNECTED WITH ARRANGEMENTS MADE BY US If you, or any member of your party, suffer death, illness or injury whilst overseas, arising out of an activity which does not form part of your package travel arrangements with ourselves, we shall, at our discretion, offer advice, guidance and assistance. Where legal action is contemplated and you want our assistance, you must obtain our written consent prior to commencement of any proceedings. Our consent will be given subject to you undertaking to assign any costs and/or benefits received

under any relevant insurance policy to ourselves. We limit the cost of our assistance to you or any member of your party to £5,000 per booking form.

BEHAVIOUR When you book with us you accept responsibility for any damage or loss caused by you or any member of your party. Proper payment of any such damage or loss must be made at the time direct to the accommodation owner or manager or other supplier. If you fail to do so, you must indemnify us against any claims (including legal costs) subsequently made against us as a result of your actions. We expect all clients to have consideration of other people. If in our opinion or in the opinion of any other person in authority you are behaving in such a way as to cause or to be likely to cause distress, danger or annoyance to any third party or damage to property, we reserve the right to terminate your arrangements without notice. In this situation responsibility towards you (including any return transport arrangements) will immediately cease and we will not be responsible for meeting any costs or expenses you may incur as a result, or making any refund or paying compensation. Tropical Holidays Direct has no control over the behaviour of other people staying in or visiting your holiday accommodation. Your accommodation is provided solely for the use of passengers shown in the final Confirmation Invoice as confirmed by us – subletting, sharing or assignment is prohibited.

COMPLAINTS If you have a problem during your holiday, please inform the relevant airline, hotel, local agent or other suppliers immediately so that they can endeavour to put things right. If they cannot resolve the problems, you must contact Tropical Holidays Direct UK office so that we are given an opportunity to help. Tropical Holidays Direct will not hold themselves responsible for the non-performance of an itinerary through causes beyond their control or when they are not notified of a problem at the point when remedial action can be taken. In the unlikely event that a complaint cannot be resolved at the time, you should write to us within 4 weeks of returning home, giving your original booking reference number and all other relevant information. If you fail to take any of these steps this will hinder our ability to put any problem right and/or investigate it fully and any right you may have to receive compensation will be reduced or completely invalidated. Disputes arising out of, or in connection with, this contract which cannot be amicably settled may (if you so wish) be referred to arbitration under a special scheme which though devised by arrangement with the Association of British Travel Agents, is administered quite independently by the Chartered Institute of Arbitrators. The scheme provides for a simple and inexpensive method of arbitration on documents alone with restricted liability on the customer in respect of costs. The scheme does not apply to claims for an amount greater than £1,500 per person. There is also a limit of £7,500 per booking form. Neither does it apply to claims which are solely or mainly in respect of physical injury or illness or the consequence of such injury or illness. A limit of £1,000 per person applies to any part of a claim for personal injury or illness. You must apply for arbitration within 9 months after your scheduled date of return. Details of the scheme will be supplied on request from the Association of British Travel Agents, 30 Park Street, London SE1 9EQ or from www.abta.com.

TOURISM FOR AL In planning this brochure we are conscious of the fact that in many cases our holidays would not be suitable for disabled travellers. As some of the resorts and accommodation featured may lack even the simplest facilities, such as ramps for wheelchairs, lifts, etc, it is important that, when booking, you advise us of

any disabilities and special requirements to make sure the holiday meets your specific needs. We would be happy to discuss the possibilities and advise you accordingly.

DATA PROTECTION POLICY Information that you provide us with about you and members of your party (name, address, special needs/dietary requirements, etc.) must be passed on to our service providers such as airlines, hotels, etc. This information may also be provided to public authorities, if required by them or as required by law, and may also be transferred abroad. Some information, for example relating to your religion or health, may be 'sensitive personal data' within the meaning of the Data Protection Act 1998. We need this information to cater for your needs, but it is collected on condition that we have your positive consent. If you do not agree to use of your information we cannot accept your booking. From time to time we may contact you to inform you of offers, new products, etc. and also we may provide your details to selected third parties for similar purposes (if you do not wish to receive such information, please notify us). By making a booking with us you agree to the use and disclosure of information as described.

CONTRACT Your contract is with Tropical Holidays Direct. Tropical Holidays Direct is a trading division of Airworld Tours Limited registered in England No. 3550364. Tropical Holidays Direct, 130 Burnt Oak Broadway, Edgware, Middlesex HA8 0BB

The brochure is valid from May 2018 to December 2019 and was published in May 2018. Holidays and prices shown in this brochure supersede those shown in any other Tropical Holidays Direct publications. NB: Prices may be increased or reduced at any time.

ESSENTIAL INFORMATION

It is extremely important that you read pages 3 and 115-119 and the relevant destination information, as these, together with other information contained in the brochure, form the terms and conditions of the contract between you and Tropical Holidays Direct.

BROCHURE ACCURACY

Every care has been taken to ensure that the information in the brochure is accurate at the time of printing. Our descriptions are based on assurances from hoteliers. It must be remembered, however, that the brochure is produced some twelve months in advance and naturally changes can occur. If we are advised of any material changes by the hotel we shall do our utmost to pass these on to you as soon as we become aware of them. All map locations are approximate and are not intended to be definitive.

PHOTOGRAPHY

A huge number of images used in this brochure are by kind permission of our hotel, airline and tourist board partners and are protected by copyright.

WEATHER

All weather details shown in this brochure have been compiled from information received from the Meteorological Office or relevant tourist authorities. They are to be used purely as a guide only, bearing in mind the changing weather patterns throughout the world. Obviously, we cannot accept any responsibility for the weather conditions at the time of your visit.

HOLIDAY SEASONS

The destinations we feature in this brochure are available all year round. Some do have quieter off peak periods when you can take

advantage of uncrowded beaches and more personal attention from hotel staff. At this time it may be necessary for hotels to scale down the size of some of their facilities, such as restaurants, to match demand. Similarly, during peak periods, hotels experience full occupancy, which may result in a livelier atmosphere and slower service in busier facilities.

HOTELS

The choice of hotel is crucial to your holiday. The hotels we feature have been selected for their location, their character or their value and may not, therefore, be the best in other respects. If you have any doubts at all please discuss your choice with us. The final selection is, however, entirely up to you.

CHECK IN / CHECK OUT TIMES

All hotels operate the standard international practice with regard to check in and check out times. Check in is usually between 1500-1600 hours and check out is usually between 1000-1200 hours (please ensure you clarify the exact check out time with the hotel on arrival). This means you may have to wait some time, if you arrive early, for your room to be made up, and vacate your room perhaps hours before your departure. It may be possible to retain your room until departure on payment of an extra charge, depending on whether the room is required for arriving guests.

ACCOMMODATION

Even though we feature some of the best hotels the accommodation may still be considered modest by European standards. Our use of the words superior or deluxe to describe rooms must be read in the context of the hotel description. Single rooms or twins for sole use may vary in standard and position. We are willing to request the hotel to place an extra bed in a twin room and a reduction may be offered. It must be understood, however, that floor and drawer space may be cramped. Beds for children may not be full single size and can often be 'rollaway' style. When we describe a room as having sea view this means you will have some view of the sea. The room may not face the sea and the view may be at an angle. Views may also be obscured by garden foliage. Please note that although we may describe the hotel as on the seafront or overlooking the sea it does not always follow that rooms have sea view. It should be noted that you might find lizards, ants, cockroaches or other insects in your room. This is a fact of life in some hot countries and should not be seen as a sign of dirtiness.

HOTEL FACILITIES

Outdoor activities, beach services, water sports, land sports (including free golf at hotels' own golf courses or other golf courses) and entertainment facilities are shown in good faith as being available but their provision may be limited or they may not be available from time to time due to weather, maintenance or other reasons. In this case, no alternative arrangements or refunds or discounts are provided. Please note that where a hotel offers free water or other sports these may be limited and a deposit for equipment and a charge for instruction may be requested. Please also note that not all facilities and activities mentioned are available free and any charges that apply would be payable locally. We very strongly advise you to check with the hotel on arrival as to exactly what is provided free. If air-conditioning is provided, at times this may be subject to energy saving regulations. Please also note that supplies of electricity and water can be erratic. Lifts in some hotels may not have internal doors. Children should be supervised at all times by their parents when using this type of lift. Many resort hotels have open-sided restaurants which attract local bird life, particularly at breakfast time.

MEALS & ALL INCLUSIVE PLANS

In general, you cannot expect European standards in some developing destinations. In some areas much of the food has to be imported and meals will vary depending on the style of hotel. Please remember that food is very much a matter of personal taste and preference. Where we offer half or full board arrangements the meals could be on a table d'hôte (fixed menu) basis or buffet-style and drinks are not included. A supplement is usually required for a la carte meals and in some cases the hotel will not allow any credit for the table d'hôte meal not taken. We advise you to check with the hotel before dining. Please note that no refund can be given for meals not taken. All Inclusive plans do not necessarily include 'everything'. Meals are usually restricted to certain restaurants (a credit may be offered to dine in other restaurants), drinks are usually locally produced and not all activities and land and water sports are included. We very strongly advise you to check with the hotel on arrival as to exactly what is included and also between

what times they are included. Also, as the restaurants get very busy, hotels require that the restaurants are pre-booked, and please note that hotels do have a strict dress code, usually for dinner, in their restaurants. For example, smart casual clothes must be worn, and sport dress, shorts, sandals, etc, are not permitted.

SERVICE

Some destinations have a rather relaxed attitude to service. It can be frustratingly slow, but patience and a friendly approach on your part are likely to achieve the best results.

RESORT DEVELOPMENT & HOTEL RENOVATIONS

In any resort or destination, building works must be expected and often start without prior warning. Hotels also have to be regularly maintained and refurbished and swimming pools cleaned, but the management will try to ensure minimum inconvenience to guests.

FLIGHTS

All flights are subject to government approval and may be amended or withdrawn at any time, without Tropical Holidays Direct incurring liability. The arrangements shown in this brochure are based on scheduled flights (it should be noted that not all airlines provide complimentary meals and drinks). All flights are based in economy class. Upgrades are available at a supplement. Where Business and First Class complimentary chauffeur-drive transfers to and from the UK airport may be offered, please note that mileage restrictions apply in both directions. It may sometimes be necessary to make stops en route for refuelling or to pick up joining passengers. Owing to security regulations it is not always possible to leave the plane during these stops. Flight durations shown in this brochure are an indication of the time spent in the air and do not include stops en route or time spent between connecting flights. It should be noted that all passengers travel under the conditions of carriage of the airline concerned as printed on their ticket. It is your responsibility to ensure that you reconfirm any onward or return flights.

NB: Owing to changes in pressure it is dangerous to fly less than 48 hours after scuba diving. Excessive drinking before boarding your flight could result in you being refused permission to board the aircraft. Most airlines will refuse permission for women to fly who will be 28 or more weeks pregnant on the date of return travel. Failure to comply with airline regulations may result in cancellation and denial of boarding, and we cannot be held liable for any such occurrence.

LUGGAGE ALLOWANCE

Luggage allowances will be shown on your air tickets. There is no allowance for infants under 2 years apart from a carrycot and/or collapsible pushchair. Excess luggage is carried at the airline's discretion and may incur charges payable directly to the airline. Luggage allowances on light aircraft and seaplane transfers are usually limited and vary (please check with us at time of booking). It is entirely your responsibility to ensure you have the correct luggage allowance. Please contact your airline for the up-to-date luggage allowance details.

AIRCRAFT SEAT ALLOCATION & IN-FLIGHT MEALS

As seats on many international flights are allocated on check in, you are strongly advised to arrive early to secure the seats of your choice. Where the flight originates at another point your choice may be limited. Some airlines are willing to reserve seats in advance, and we will pass on your request. We can, as well, pass on your request for particular types of meals, e.g. vegetarian, etc. We cannot, however, guarantee that the airline will be able to meet your requirements.

SMOKING

Virtually all airlines have adopted a non-smoking policy and many hotels have also adopted a non-smoking policy in hotel rooms, and in the public areas of the hotel. If this information is important to you please check with us at the time of booking.

DEEP VEIN THROMBOSIS (DVT)

Travel involving prolonged immobility can cause deep vein thrombosis (DVT). Recent surgery, previous occurrence of DVT and a family history of DVT are among the factors that may increase your susceptibility to the condition. If you are concerned about travelling then you are strongly advised to contact your GP before you depart.

FLIGHT DELAYS

Delays, unfortunately, may occur through various reasons. Where long flight delays result in lost holiday time, no refunds are given by hotels/suppliers for unused accommodation/services. Similarly, airlines do not usually offer compensation for flight delays. Consequently, Tropical Holidays Direct is not liable for any costs incurred or loss of enjoyment as a result of any such delay. Recompense for such delays may be claimed through certain types of holiday insurance (please check your holiday insurance covers such losses).

OVERSEAS AIRPORT TAXES

Foreign departure/airport taxes vary and may be payable locally either in foreign currency (e.g. US\$ etc.) or in local currency. Please ensure you have enough local and foreign funds to meet these payments. If you are travelling to more than one country on your holiday, you may be required to pay a departure tax at each point.

ALCOHOL

Restrictions on the consumption of alcohol may be imposed with little or no notice at all by the relevant authorities.

PUBLIC & RELIGIOUS HOLIDAYS

Services may be curtailed or limited during certain religious events and public holidays. Please note that such holidays and religious events may be called at very little or no notice at all.

OTHER HOTEL GUESTS / FUNCTIONS / EVENTS

At times, various events including functions, conferences, influx of groups, weddings and filming may take place at hotels. We have no control over the acceptance of bookings at the hotels other than our own. We are therefore unable to accept any responsibility for any inconvenience caused by such events, groups or their activities.

SAFETY & HEALTH

We take the security and safety of our clients very seriously, but, you are, of course, responsible for your own safety. It is tactless for visitors to make a great show of wealth, especially in developing countries. In general, your own common sense must prevail. When booking local excursions and tours please only use the services of our officially appointed local agents and not of any companies or persons who may approach you otherwise, as these companies or persons may not hold the necessary government permits and licenses to operate excursions and tours. Please remember that in some destinations the sun can be deceptively strong and those inviting crystal clear waters may conceal strong undercurrents, sharp coral or sea urchins and the like. Take every precaution and take heed of local warnings. Inoculations are entirely your responsibility - please consult your doctor or health centre. The Foreign & Commonwealth Office Travel Advice Unit may have issued information about your holiday destination. Please visit their website at www.gov.uk/foreign-travel-advice.

VISAS & PASSPORTS

Please ensure you have a valid 10 year passport and that it is valid for at least 6 months after your return date. The visa information contained here is for British and Irish passport holders only and is correct at the time of going to press. Holders of other passports (including Commonwealth passports) and of British or Irish passports issued abroad should check with the appropriate consulate or embassy as to the requirements for a visa. It is entirely your responsibility to ensure that your passport and visa documentation is in order. Failure to do so may lead to denial of exit from this country or of entry overseas. Any costs which consequently arise will be payable by you. It will also be deemed that you have cancelled your holiday and no refunds will be made. An Electronic Travel Authorisation (ETA) is required for visits to Sri Lanka - for further information visit www.eta.gov.lk. Visas required for stays of over 30 days in Maldives and Seychelles.
